National Children's Advocacy Center

Finding the Evidence for Evidence-Based Practice:
Using the Child Abuse Library Online (CALiO™)
www.calio.org

June 2016

A large selection of full text and freely accessible resources is available to professionals and the public without membership in the Child Abuse Library Online (CALiO™).
Places in CALiO™ to find Forensic Interviewing Resources.

- CALiO's™ Bibliography section provides 13 topical FI bibliographies to the research literature http://calio.org/resources/bibliographies

- CALiO's™ Research to Practice section provides Research to Practice briefs, NCAC position papers, and much more on a variety of FI topics http://calio.org/resources/research-briefs-research-to-practice

- CALiO's™ Best Practices provides numerous FI guidelines and resources http://calio.org/resources/best-practices-guidelines/best-practices-interviewing

Beyond CALiO™ section

- Public databases: over 25 unrestricted databases

- Open access journals-over 25 unrestricted journals

Not sure where to look? Enter your keyword or subject into the CALiO™Collections search box.

Short and simple CALiO™ tutorials here: http://calio.org/get-help/tutorials-podcasts-tip-sheets

Restricted access sections

- CALiO™SuperSearch contains millions of full text articles, book chapters, conference proceedings, newspaper articles, and more

- Access to the *Journal and Book Finder* collection of over 1,500 scholarly journals and books, *CALiO™SuperSearch* and the *Special Collections* is limited to Child Advocacy Center staffs and Multidisciplinary Teams

CALiO's™ Restricted Access section currently provides full text publications in six FI topics. See below.

If your CAC is not registered for the restricted access portions of CALiO™, complete and submit the registration form located here: http://calio.org/about-calio/what-can-calio-do-for-me
