Every year I write this letter, and every year I struggle to concisely share the incredible story of social entrepreneurship being lived at and through the NCAC. Our 180° Society members are our closest ally in the fight against child abuse. Each member of the 180° Society financially supports 100% of the direct services provided to each sponsored child. Through your generous support, you have helped revolutionize the United States’ response to child sexual abuse. Since its creation in 1985, the NCAC has served as a model for the establishment of Children’s Advocacy Centers (CACs) now operating in the United States and more than 33 countries throughout the world.

In last year’s Impact Report, I shared that 2018 would be a year for NCAC to focus on providing organizational support for our employees and MDT members who are exposed to traumatic content on a daily basis. This work demands our staff to be emotionally charged. This daily exposure necessitates the NCAC taking a proactive role and this is precisely what we have done in 2018. The NCAC completed an agency-wide Secondary Traumatic Stress Organizational Assessment which indicates that we are doing many things exceptionally well overall. As a result of this Assessment, we have developed a comprehensive Wellness Plan for NCAC staff and MDT members which focuses on proactive steps to build resilience and further expand our strong culture of supportiveness.

This is where you come in! Imagine if employees and the children they serve, were never recognized by the community as doing something valuable? What if this work was ignored? How would you feel as an employee who daily stands in the breach of trauma and despair on behalf of vulnerable children? Be a part of our work and mission!

From Our Executive Director

In 2018, we approved to receive a Facility Dog from Canine Companions for Independence (CCI)!! We anxiously await her/his arrival!!

Mission Statement

The NCAC models, promotes, and delivers excellence in child abuse response and prevention through service, education, and leadership.

8,892

Children in Madison County were impacted by NCAC services and programs

The National Children’s Advocacy Center (NCAC) revolutionized the United States’ response to child sexual abuse. Since its creation in 1985, the NCAC has served as a model for the 1,000+ Children’s Advocacy Centers (CACS) now operating in the United States and more than 33 countries throughout the world.
120 professionals attended one of 76 trainings, on-site technical assistance, or chapter visits conducted by SRCAC.

1,646 CACs

1,333 people trained from 48 states, the District of Columbia, Canada, Cayman Islands, Ecuador, Greece, Guam, Luxembourg, Puerto Rico, St. Lucia, Sweden, Switzerland, and the United Kingdom.
