

Acknowledging and Managing the Hidden Biases of Good People

Community leaders, first responders, and educators are invited to take part in this important training.

**One-Day Workshop by
Rev. Dr. Bryant T. Marks, Sr.**

WE ALL HAVE BIASES, BUT WE CAN CHANGE THAT!

The impact of our implicit bias negatively affects legal decisions, educational outcomes, governmental priorities, and employee engagement.

Through introspective exercises and interactive small group dialogue, Dr. Marks will address questions such as:

- What is implicit bias and where does it come from?
- How does implicit bias show up in ourselves?
- What does implicit bias look like in the real world?
- How does implicit bias affect the attitudes and behaviors of the targeted group?
- How can implicit bias be reduced?
- What are potential solutions?
- How can personal and organizational behaviors and practices be changed?

**Monday, March 23, 2020
9:00 a.m. - 4:00 p.m.
Von Braun Center
South Hall**

Cost: \$99

**Online
Registration Ends
March 20, 2020**
